Aims and Scope

Innovation in Science and Technology (ISSN 2788-7030) is an international, peer-reviewed journal that publishes original research articles, reviews and commentaries of science and technology. The journal provides an advanced forum for technological studies to both technology researchers and professionals in related disciplines. *Innovation in Science and Technology* aims to establish a forum for publishing the innovative research in the field and contribute to the further development of the science and technology which is of fundamental importance for the future. Preference is given to contributions on research results whose feasibility has been demonstrated either in a laboratory or in the industrial praxis. Case studies and review papers on specific issues in science and technology are equally encouraged.

The main subject areas include, without being limited to the following:

- Aerospace
- Marine Sciences
- Astronomy
- Mathematics
- Biology
- Metallurgical Engineering
- Computer Science and Technology
- Mechanical Engineering
- Chemistry
- Physics
- Geology
- Surveying and Mapping

Submissions

We are seeking submissions for the forthcoming issues. Authors should submit manuscripts written in professional English. Manuscripts with 3,000-10,000 words in length are preferred. All manuscripts should be prepared in OpenOffice, Microsoft Word, or RTF document file format. Focus issue manuscript should be submitted at: <https://www.paradigmpress.org/IST>, or sent to: office@paradigmpress.org.

Editorial Process

Stage 1: The author submits a manuscript and will receive a paper ID.

Stage 2: Immediately after submission, the journal’s Managing Editor will perform an initial check to assess:

- (1) Overall suitability of the manuscript to the journal;
- (2) Manuscript adherence to high quality research and ethical standards;
- (3) Standards of rigor to qualify for further review.

Stage 3: Peer review and revision — all manuscripts are sent for peer review.

Stage 4: Acceptance for publication.

Stage 5: Process the APC payment + VAT (where applicable). No additional charges apply.

Stage 6: Technical/copyediting, layout, and proofreading.
